# Coconut Sugar

# About us

Sweto'h Coconut Sugar is nature's sweet gift, handcrafted for a healthier and tastier lifestyle. Extracted directly from the sap of coconut blossoms, Sweto'h brings you a sugar that's minimally processed and 100% natural. Unlike regular table sugar, it retains the richness of coconut's nutrients, like iron, zinc, calcium, and potassium, making it a wholesome alternative to the artificial stuff.

With a subtle caramel-like flavor, Sweto'h Coconut Sugar blends seamlessly into your favorite recipes, whether it's your morning coffee, baked goods, or savory sauces. It adds sweetness without overpowering the natural taste of your dishes.

Sweto'h is not just about taste—it's about making mindful choices. Our coconut sugar is lower on the glycemic index than traditional sugars, meaning it offers a slower, steadier release of energy, making it a great option for those keeping an eye on their sugar intake.
